

Celebrate Autism Awareness Month with us at "Genevieve's Dream Inaugural Golf Tournament"

Produced by: ELF Golf
Exciting Lucrative Fun

We Support :

- 1. Low-income families that can't afford herbal medicine and counseling*
- 2. Vets with PTSD*
- 3. Autism and Epilepsy*

"Hemp is far from new. CBG is an old cannabinoid that needs a new face to introduce it to the world - Genevieve is it. She's an incredible individual with Autism and Epilepsy that's shown her love to the world for years with smiles and laughter as she's grown into a teenager.

"Genevieve's Dream Inaugural Golf Tournament"

SUPPORT OUR MISSION:

Together we can build a future for Genevieve and people like her with the Carousel Challenge:

Originally Carousel Challenge was created to fund the building of a 'Carousel Village' Developmental Center to replace the Santa Barbara carousel and a whole lot more. Due to hard economic times, the nonprofit mission statement is being updated.

Our plan is to combine the Challenge with the ["Genevieve's Dream"](#) Business Plan that's currently in development. This will put a ride and a nonprofit educational center on a Hemp Farm which will give people with disabilities various opportunities while educating the world about their plant medicine. (updated Jan 2021)

Genevieve's Dream is to simply have a carousel ride - but in expressing that desire she educates the world about the plant and love. It makes sense to combine her love of the ride with the world's love for Hemp and maximize the exposure to it globally.

Produced by: ELF Golf
Exciting Lucrative Fun

Celebrate Autism Awareness Month with us at "Genevieve's Dream Inaugural Golf Tournament"

Of course the mission of Genevieve's Dream, Inc. is to scale up a product line and provide it globally - but in doing so there's an opportunity to educate and create a showcase of a Hemp Farm that maximizes the ability to fulfill the mission of creating what truly is 'Genevieve's Dream'. " -Mike Robinson, Founder Global Cannabinoid Research Center

"We're now coupling the Non Profit Carousel Challenge with Genevieve's Dream and changing it's mission. The plan is to challenge people, parents, celebrities, philanthropists, and just about anyone to come take a ride with Genevieve and learn about Hemp and CBG. Building an educational center on site as well as opening the doors to other nonprofits to use the carousel will give even more exposure to powerful alternative plant medicine and its ability to better our environment.

Genevieve's Dream Golf Tournament 2021

Thank you for your interest in Genevieve's Dream 2021 Celebrity Tournament.

There will be a 144 maximum spots available.

Our deck will highlight all the sponsorship packages available.

All sponsors will be placed on the green tee.

If you request a certain green tee, it's additional cost of \$500.00

Special vendors like Massage, Book Signing etc... will be placed on the patio deck next to the club house.

or email us at: <https://elfgolf.com/contact/>

One vision we have for the non profit side is to create a program to educate developmentally disabled adults by actually utilizing the Genevieve's Dream Hemp Farm. Vision Genevieve alongside her peers learning how to work on a sustainable crop. This is a dream that needs to come true." -Mike Robinson

Porter Valley Golf Club Northridge, CA 91326
Best Foursome \$2000 Purse Per Course

"Genevieve was one of many kids in a large compassion program - we met after her mom reached out on social media pleading for help. Many know our family from the 'Cannabis Love Story' a series of well known articles and now a website (CannabisLoveStory.com). Genevieve and I bonded heavily on the Carousel Ride in late 1996 when she was still one of my cannabis compassion patients. As the world came to know us as a family the turn of the century carousel in Santa Barbara closed down in 2017. Since that time Genevieve dreams every night of being on that ride with Daddy - most of the day she talks in her own way about it. This is why we named the entity Genevieve's Dream." -Mike Robinson

'Cannabis was deemed 'essential' by the U.S. Government in the pandemic and due to that we've got a big increase in THC use. Many cannabis users who've opted to inhale and ingest quite a bit of it are having issues with what they believe is Tolerance. I'm here to spread a message that this is about Endocannabinoid System balance. Minor cannabinoids are needed with that joint you're smoking!" -Mike Robinson, Founder, GCRC

"Why use human stem cells when we know that CBGa is a stem cell of a plant that has so many uses for humans with nearly identical DNA and RNA. CBGa, in my opinion, is the next Stem Cell Therapy and it's being used right now with my daughter who has severe Autism and Epilepsy. Why should we harvest from humans what we can gain from nature?" -Mike Robinson, Founder Global Cannabinoid Research Center.

"CBGa is the stem cell of all cannabis. Don't be fooled into thinking Hemp isn't Cannabis due to marketing or laws - it is. All of these plants come from the same origin and have intensive healing powers whether they're called Hemp, Cannabis, Marijuana, or Weed. Names don't matter - they're like diagnosis - just another title someone put upon something. It's nature and it heals" -Mike Robinson, Founder GCRC
